OFFERING PROMOTIONAL RESOURCES 2016

Nazarene radio, television, and Internet programs reach millions of people each day because of the generous offerings received from Nazarene churches. Thank you!

To help you plan for and receive this year's offering, World Mission Broadcast (WMB) is providing several items, free of charge, included in this packet:

- **Whatever It Takes Booklet**—A brand-new booklet full of stories to be shared with your people. We've also included suggestions of how to use the stories in your services, print pieces, and website. Two copies of the booklet are enclosed in the promotion packet; and they are intended for use by the pastor, NMI leader, small group leader, Sunday School class leader, or church secretary.
- **Video**—An inspiring piece that will capture the attention of church members of all ages. At 1 minute and 41 seconds, this year's video will fit perfectly in any church or district service and inform your people of the unique mission of WMB.
- **Poster**—A colorful poster to display in your church in the weeks leading up to the annual offering.
- **Offering Envelopes**—WMB's traditional offering envelopes are available in packets of 25. If you need more, contact WMB at wmb@nazarene.org or at 913-577-2922.

Back by popular demand, WMB's Personalized Audio Greetings—Audio greetings allow your people to hear the latest news and ways to pray for WMB directly from the field. They are personalized with your church, pastor, NMI leader, or district name in the greeting. E-mail wmb@nazarene.org or call 913-577-2922 to request one for your church or district convention. Allow a two-week turn around please.

What! No bookmarks this year? We love bookmarks but we believe that the *Whatever It Takes* booklets will give you more options for use. However, we do still have last year's bookmarks available and since they aren't dated, they would be perfect to insert in your Sunday worship bulletins. If you would like to order some, please call or e-mail (they come in packs of 20).
